

ARION'S OPENING.

A Large and Brilliant Assemblage
Was One of the Features

OF LAST NIGHT'S FESTIVITIES

At the New Home of the Arion Society—A Description of the Extensive Improvements and Additions—An Excellent Concert Was Followed by a Ball—One of the Most Enjoyable of Events.

The completion of the extensive additions and improvements to the home of the Arion Society, at the corner of Twentieth and Main streets, was celebrated in a pleasing and auspicious manner last night with a concert and ball, which was attended by one of the largest and most brilliant assemblages ever seen in the Arion hall, which, by the way, has seen many a large and brilliant crowd. The concert was followed by a ball, and it was not until a late hour that the festivities ceased.

The Arion Society has now, without doubt, the finest club house in the state or in the upper Ohio Valley, and the members may well feel proud of their new home. Before the extensive

improvements were contemplated the Arion had very comfortable quarters, so that the enterprise of the organization in spending \$11,000 in additional improvements is highly creditable.

The addition to the old building runs from the rear of that structure to the alley, so that the reconstructed building is 42 feet by 125 feet, and three stories in height. The new portion is of red pressed brick and harmonizes in design with the older portion. Work was started on the addition last April and with one or two small exceptions has been completed the present week. The stone work was contracted for by Mrs. A. J. Lang; brick work, Joseph Bodley; wood work and carpentry, Kluever-Kraft Company; plastering, Philip Grimm; tinning, Schenck Brothers; painting, D. C. Kurner; plumbing, Trimble & Lutz; electrical work, Wheeling Electrical Company.

The main entrance remains where it was, on Twentieth street, but in appearance it is vastly different, an entire new stair case having been put in. Half way up an elegant hard wood and plate glass double door has been placed, for the purpose of obstructing the entry of the wintry blasts. Reaching the first floor, to the right are found the bar, smoking room, ladies' parlor, ladies' toilet room and men's toilet room, while to the left are the dining room and kitchen in the new portion of the building. All of the apartments are finely finished in hard wood, and look very handsome. In the smoking room is located the spiral stairway that leads to the rear of the stage on the upper floor, a much needed improvement. In the parlors among the "trinkets" brought over from Germany. In a large glass case are a number of the club's banners. The new bar fixtures are of oak and a great improvement over the old fixtures.

The main dining room is 32 by 33 feet in size, affa is a well lighted and decorated apartment, with one of the Caldwell-Peterson metal ceilings. These ceilings are found in all the apartments of the house. A large and well lighted staircase leads to the upper floor. On this floor are located the main hall, lobby and toilet room. Coming up the stairs the visitor finds himself in the lobby, a large room, lit off of the main hall. It is heated with natural gas and prevents the cold drafts from reaching the main hall, as was the case in the old main hall.

The improvements on the second floor are very great. The stage has been enlarged greatly and is fitted with a complete new outfit of scenery painted by Norwood Richardson, comprising two sets and a set house piece. The lighting of the main hall, too, is much better than before. The side lights alone light the room very well and with the large center chandelier the effect is truly brilliant. The seating capacity of the hall is vastly increased by the additional space in the rear, the gallery alone now being capable of seating two hundred, while five hundred can be accommodated in the auditorium. The acoustic properties are better than ever before, having been tried and found satisfactory this week.

The committees of the Arion who have had charge of the improvements, opening entertainment, etc., are as follows:

Entertainment—E. Riester, chairman; Edmund Becking, F. C. Schwerfeger, George E. Ebeling, Jake Front and Edward W. Stiel.

Refreshments—Leo. Riester, chairman; F. C. Driehorst and J. A. Hess. Building and hall—J. A. Hess, chairman; C. A. Shaefer and F. Riester.

Dancing—George H. Ebeling, Jake Front, Edward Stiel and August Schneider.

Though almost every one of the several hundred members of the Arion society was present at last night's opening festivities it was a noticeable fact that at no time was any portion of the building uncomfortably crowded. The concert began at 8:30, the following very excellent programme being rendered, with Professor H. M. Shockey as musical director:

Overture—Operehaus Orchestra.

Herr Theo. Rolter and Frl. Olga Rolter.
Chor with bass solo—"Goodnight Arion und Herr F. J. Diegmiller."

The address of President Louis C. Stiel, in presenting the new home of the society to the members, was in German, and the sentiments of self-congratulation he expressed were freely applauded by the delighted auditors, who were loud in expressing their admiration of the handsome new home of the Arion.

The concert ended at 11 p. m. and soon after the floor was cleared and the grand march was started. Messrs. George H. Ebeling and August Schneider leading, and Messrs. Edward F. Stiel and Jake Front acting as markers.

Among those who were present were the following, nearly all being accompanied by their wives or lady friends:

THE U. S. SENATE.

Thirty New Senators to be Elected This Winter—Probable Changes.

WASHINGTON, D. C., Oct. 25.—The election of United States senators to succeed the senators whose terms expire the 4th of next March is attracting much attention in political circles in Washington. Except in cases where senators have already been chosen for the term beginning on the 4th of March next the legislatures which are to meet next winter will perform this service. Barring unusual circumstances there will be thirty-three senators to be sworn in on the 4th of March, including those who will succeed the thirty whose terms expire on that date, and one each from the states which failed to elect when they should have done so in accordance with the law two years ago. Of these, six senators have already been sworn in: Donaldson, of Louisiana, to succeed James F. Wilson; William Lindsay, to succeed himself; T. S. Martin, of Virginia, to succeed Eppa Hunt; O. P. Telford, of Rhode Island, to succeed N. F. Dixon; W. C. Walthall, of Mississippi, to succeed himself.

In the case of Senator Walthall, he had been elected to the term beginning 1895 before he resigned from the senate last session and was succeeded by Hon. A. J. McLaurin. He did not state his intentions with reference to the new term, and it is not known whether he will resume his seat in '95 or again tender a resignation to cover that term.

In none of the above instances has there been a change in politics. Of the remaining twenty-four senators of the regular list, whose terms expire in 1895, Senators Berry, of Arkansas; Butler, of South Carolina; Camden, of West Virginia; Coke, of Texas; Harris, of Tennessee; Martin, of Kansas; McPherson, of New Jersey; Morgan, of Alabama; Ransom, of North Carolina; and Walsh, of Georgia, (10) are Democrats, and Senators Carey, of Wyoming; Chandler, of New Hampshire; Cullum, of Illinois; Dolph, of Oregon; Frye, of Maine; Higgins, of Delaware; Hoar, of Massachusetts; Manderson, of Nebraska; McMillan, of Michigan; Pettigrew, of South Dakota; Power, of Montana; Shoup, of Idaho; Washburne, of Minnesota; and Walcott, of Colorado, (14) are Republicans.

The terms of none of the Populist senators will expire in 1895. Senators Coke and McPherson have announced that they will not stand as candidates for re-election.

Wilson's Aggregation Departs.

William L. Wilson and his aggregation left on the Ohio River railroad yesterday morning without any enthusiasm. The Bellaire Tribune says: "If the Wheeling Register has any sense of decency and self-respect it will quit talking about 'special cars,' after the spread eagle display on special cars by the William Wilson aggregation on Wednesday. Camden's special car and two brass bands, with profuse decorations, beating any circus aggregation on the road, is such a palpable Johnny bait display that nothing done by an American citizen ever equalled it. All in the name of Democracy, too. Shades of Jefferson, defend us!"

He is Making Republican Speeches.

The Bellaire Independent comments thus on one of the Register's numerous bad breaks in yesterday's issue:

C. L. Weems, prosecuting attorney of Belmont county, Ohio, a good old-fashioned Democrat, came in with an excursion on the Cleveland, Lorain & Wheeling to attend the Wilson-Cockran meeting last night.—*Wheeling Register*. Old-fashioned Democrat! How is that, Caleb?

Democrats at Elm Grove.

A Democratic meeting was held at Elm Grove last night, at which Alfred Caldwell and Attorney General Riley spoke. They and Candidates Pollock and Handlan rode out in a special car on the Elm Grove road, taking on a drum corps at Altenheim. The meeting was not much of a success, and there was nothing new in the speeches.

It is a Good One.

A feature of the Arion's opening yesterday was the placing on the market of Hugo Loos' new "Arion" cigar, which is well worthy of the name it bears—it is a good one.

"Side Tracked."

Julio Walters in his uproariously funny comedy "Side Tracked" opened a three night's engagement at the Grand last night to a packed house. "Side Tracked" is a piece in which melodrama, romance and crisp comedy are most happily blended. The interest of the audience is continually kept alive, both by the vigorous action and by a series of brilliant stage pictures. The scenery is very realistic and the amusing comedy features, and excellent specialties make it one of the most popular comedies that have visited the Grand this season. The same will be repeated to-night.
